

## **HEATH VILLAGE BARN ANNUAL REPORT 2020/21**

Since my last report this time last year not much has happened.

We have however, received 10K grant from Retail, Hospitality and Leisure ( a Government Dept) to help us through this pandemic.

Although we had sufficient funds to replace the timber along side the building nearest to the car park, this Grant enabled us to put money towards other jobs that were becoming necessary. The toilets have been re decorated with a new cistern in the Ladies. The Hall has been painted as has the left hand store room at the back of the stage. This is where we now keep all the chairs and tables.

Further remedial outside jobs still need to be done, when the weather brightens up.

The HVB is financially sound and we look forward to opening up again.

Nigel Strofton Chairman
